

CONCHO VALLEY DISTRICT

Honor Guard Program

This program has been created to encourage Scouts and scouters of all levels to develop a strong tradition of Citizenship and to be ready to be called upon at any time to provide patriotic flag ceremonies, and reverent services for the community and its members; this may include serving at: community patriotic events, governmental agency meetings, military-related events, religious functions, funerals, Scouting events and more.

Membership is currently restricted to five youth and two adults until we have the first team trained. After that time, membership will be opened for another five youth and two more adults with a lofty goal of four full teams, eventually.
